	handstands						
	Norwik balls						
	club juggling						

Let's say all seven galashow artists live in the same street, in houses numbered from 1 to 7. About all of the artists we know the color of their house, their favorite drink, their nationality, pet or favorite animal, the favorite object in their house, and what kind of act they will be performing in the galashow. All of these properties are unique for only one artist. Use the following statements to discover more about them.

Did you solve the puzzle? Send an email to [2022@nederlandsjongleerfestival.nl](mailto:2022@nederlandsjongleerfestival.nl) containing:

- (1) The color of the Norwegian's house.
- (2) The favorite object in the American's house.
- (3) The favorite animal of the German.
