Dear Parent/Guardian,

Attending the Nederlands Jongleer Festival 2022 (Dutch Juggling Festival 2022) is entirely at your own risk. Visitors whose age is below 18 at the starting date of the festival must provide the permission of a parent/guardian to attend this festival by signing this form. For visitors whose age is below 16 at the starting date of the festival, the parent/guardian also needs to assign a chaperon who is also a visitor of the festival and is at least 18 years old at the start of the festival. The aforementioned chaperon will need to be present at the festival for the entire period during which your child will attend the festival. The organization, nor each board member individually, nor volunteers acting on behalf of the organization can be held accountable for any form of damage of injury. By filling out and signing the form below you agree with your child participating in the Dutch Juggling Convention 2022 with the applying terms and conditions mentioned above.
